

# Lounge Dining.

# What does bmi Lounge Dining have to offer?

When your clients travel in Business Class on our late night flights from London Heathrow to Moscow they can benefit from our new pre-flight dining options. They can choose to dine either pre-flight in The Great British Lounge, or onboard. Or, perhaps a mix of the two. In The Great British Lounge, from 8.30pm every evening, customers can choose from a range of hot and cold meals including piping hot soup with crusty bread, hot pasta dishes, hot salt beef with bagels, rye and pickles, salads, a full cheeseboard with British cheeses followed by Hix ice cream, Kshocolat chocolates and fresh fruit.

Our very own British pub, The Local, will also be open, serving a range of alcoholic and non-alcoholic drinks including Chapel Down English Rose wine and Fuller's London Pride.

On boarding their flight, customers who have eaten in the lounge will have more time to sleep and relax. For those who want to eat onboard, a full Night-Time Supper menu is available including light main courses and hot chocolate with marshmallows.

Lounge Dining is also available to Gold and Silver Diamond Club and Star Alliance Gold members using The Great British Lounge after 8.30pm.

# How do my clients take advantage?

No pre-booking is required for Lounge Dining or the Night-Time Supper menu and your client is free to decide on arrival at our international lounge, whether they want to eat pre-flight, onboard or both.

Available to clients travelling from London Heathrow to Moscow on Business Class fares departing after 8.30pm.

Please advise your client that this is a complimentary service and complete the booking in the normal way.
